

Health Guarantee & Purchase Agreement

Thank you for choosing The Woof Gang to welcome your new puppy into your home. We are committed to responsible breeding, transparency, and supporting our puppy families. The Woof Gang provides a one (1) year genetic health guarantee under the conditions outlined below.

Initial Veterinary Examination Requirement

The purchaser must have the puppy examined by a licensed veterinarian within seven (7) days of departure, at the purchaser's expense. A copy of the veterinary exam must be provided to The Woof Gang. Failure to do so voids the health guarantee.

Parasites and Non-Covered Conditions

Internal and external parasites are not covered under this guarantee, including Giardia, Coccidia, Roundworms, Hookworms, Tapeworms, Fleas, ticks, or mites. Parasites are common and may result from environmental exposure. Treatment for parasites is the responsibility of the purchaser.

Genetic Health Guarantee Terms

If a serious genetic disorder is diagnosed within the first twelve (12) months and confirmed by two licensed veterinarians, one selected by the breeder, The Woof Gang will either replace the puppy or refund the purchase price minus shipping and veterinary expenses. The puppy must be returned. Transportation and testing expenses are the purchaser's responsibility.

Puppy Care Requirements

The purchaser agrees to provide proper nutrition, veterinary care, vaccinations, exercise, shelter, fresh water, and social interaction. Neglect or improper care voids the guarantee.

Return to Breeder Agreement

The puppy may not be surrendered to a shelter or third party without breeder approval. If the purchaser cannot continue care, the puppy must be returned to The Woof Gang. No compensation is required upon return. This contract is non-transferable and governed by the laws of Marshall County, Indiana. Ownership transfers after nine (9) weeks of age or once the puppy reaches two (2) pounds, whichever occurs later
